Telecommunications Policy

Index to Volume 14

February, April, June, August, October and December 1990

Articles – titles

Balancing the ex-Bell System companies, *Leonidas C. Charalambides, Robert L. Armacost and Daniel J. Koys*, **14**, 1, 52–63

Bypassing the local telephone company: the case of the electric utility industry, *Fereidoon P. Sioshansi, Paul Baran and Spencer T. Carlisle*, **14**, 1, 71–77

Caller-ID, privacy and social processes, *James E. Katz*, **14**, 5, 372–411

Cost allocation and regulatory pricing in telecommunications: A UK case study, *Martin Cave, Ken Lever, Roger Mills and Stephen Trotter*, **14**, 6, 505–520

The development of a state telecommunications infrastructure: a survey of telephone companies and large users, *Michael Dowling*, **14**, 2, 169–175

Divestiture and regulatory policies: implications for research, development and innovation in the US telecommunications industry, *Robert G. Harris*, **14**, 2, 105–124

Economic aspects of telephone network development: the USSR plan, *G.G. Kudriavtzev and L.E. Varakin*, **14**, 1, 7–14

The emerging market for 'faultless' telecommunications, *Dennis L. Weisman*, **14**, 4, 333–341

The European Telecommunications Standards Institute: a preliminary analysis, *Stanley M. Besen*, **14**, 6, 521–530

Evaluating Intelsat's performance and prospects: conceptual paradigms and empirical investigations, *Marcellus S. Snow*, **14**, 1, 15–25

French and US videotex: prospects for the electronic directory service, *Michel Dupagne*, **14**, 6, 489–504

Future use of cellular technology: some social implications, *Jennifer Jarratt and Joseph F. Coates*, **14**, 1, 78–84

Global claim-staking and latecomer cost in the orbit spectrum resource, *Harvey J. Levin*, **14**, 3, 233–249

Global cooperation in an era of deregulation, *Richard A. Gershon*, **14**, 3, 249–259

Improving development assistance for telecommunications, *Ryota Ono*, **14**, 6, 476–488

Information gaps in rural America; telecommunications policies for rural development, *Heather E. Hudson and Edwin B. Parker*, **14**, 3, 193–205

Information systems and society: potential impacts of alternative structures, *Benjamin J. Bates*, **14**, 2, 151–158

International telecommunications around the world: a flow analysis, *Aharon Kellerman*, **14**, 6, 461–475

Natural monopoly and the deregulation of local telephone service, *John T. Wenders*, **14**, 2, 125–138

The Nice ITU Plenipotentiary Conference, *George A. Codding, Jr*, **14**, 2, 139–150

The origins of universal service: history as a determinant of telecommunications policy, *Herbert S. Dordick*, **14**, 3, 223–231

The role of Oftel, *Peter Gist*, **14**, 1, 26–51

Portuguese telecommunications and information technologies: development and prospects, *Donald Owen Case and Joel Hasse Ferreira*, **14**, 4, 290–302

A public policy strategy for cable development: the experience of Hong Kong, *Tuen-yu Lau and Thomas F. Baldwin*, **14**, 5, 412–424

Rent-seeking in the telco-cable cross-ownership controversy, *Thomas W. Hazlett*, **14**, 5, 425–433

Social aspects of telecommunications security policy, *James E. Katz*, **14**, 4, 324–332

TDF issues: hard choices for governments, *Peter Robinson*, **14**, 1, 64–70

The Technological Information Pilot System: a multinational bridge across the South, *Werner E. Breede*, **14**, 5, 434–441

Telecommunications in rural Europe: economic implications, *Suella Hansen, David Cleevely, Simon Wadsworth, Hilary Bailey and Oliver Bakewell*, **14**, 3, 207–222

Telecommunications policymaking in Japan: the 1980s and beyond, *Roya Akhavan-Majid*, **14**, 2, 159–168

Towards greater competition in Singapore's telecommunications, *Toh Mun Heng and Linda Low*, **14**, 4, 303–314

The US Cable Communications Act reconsidered, *David J. Atkin and Michael Starr*, **14**, 4, 315–323

Book reviews

Critical Connections: Communication for the Future by Office of Technology Assessment, Congress of the United States (reviewed by Christopher H. Sterling), **14**, 6, 531–532
From Monopoly to Competition? The Neoconservative Reform of Telecommunications in Great Britain and FR Germany by Edgar Grande (reviewed by Marec Bela Steffens), **14**, 5, 442–443
Future Competition in Telecommunications edited by Stephen P. Bradley and Jerry A. Hausman (reviewed by Stanford L. Levin), **14**, 6, 533–534
The Global Village by Marshall McLuhan and Bruce R. Powers (reviewed by Thomas W. Cooper), **14**, 4, 344–346
The Information Society: An International Perspective by Raul L. Katz (reviewed by Heather Hudson), **14**, 1, 90–91
The Irony of Regulatory Reform by Robert Britt Horwitz (reviewed by Christopher H. Sterling), **14**, 3, 260–262
New Directions in Telecommunications Policy, Volumes 1 and 2 edited by Paula R. Newberg (reviewed by John T. Wenders), **14**, 3, 262–264
The Politics of International Telecommunications Regulation by James G. Savage (reviewed by William J. Drake), **14**, 3, 264–266
Rural America in the Information Age edited by Edwin B. Parker, Heather E. Hudson, Don A. Dillman and Andrew D. Roscoe (reviewed by Andrew Dymond), **14**, 4, 342–344
Rural Telecoms Handbook by A. Carkstone, D.D. Cleevely, A.C. Dymond, T.D. Hills and G. Lauder (reviewed by Edwin B. Parker), **14**, 6, 535
Setting Global Telecommunications Standards: The Stakes, the Players and the Process by Gerd Wallenstein (reviewed by Joseph N. Pelton), **14**, 6, 532–533
Technological Change in the Information Economy by Peter Monk (reviewed by Howard J. Rush), **14**, 1, 91–92
Telecommunications Law and Practice by Colin D. Long (reviewed by J.B. Cowie), **14**, 1, 89–90
Telecommunications Policy and Management by J.M. Harper (reviewed by Dawson Walker), **14**, 2, 178–179

Conference reports

Constance Administration Seminarium on Perspectives of Telecommunications Policy, Constance University, FR Germany, 19–21 October 1989, *Marec Bela Steffens*, **14**, 3, 268–269
European Regional Meeting of the International Telecommunications Society, Budapest, Hungary, 29–30 August 1989, *Marec Bela Steffens*, **14**, 1, 87–89
Intelevent '89, Eighth International Conference; Objective 2000: Information Transfer for a Global Society, Lisbon, Portugal, 9–12 October 1989, *Henry M. Boettinger*, **14**, 1, 85–87
International Symposium on the Sociology of the Telephone, Hohenheim University, Stuttgart, FR Germany, 11–13 October 1989, *Marec Bela Steffens*, **14**, 2, 176–177
12th Pacific Telecommunications Conference, Honolulu, HI, USA, 14–17 January 1990, *Marcellus S. Snow*, **14**, 3, 266–268

Comment

The changing environment: multidimensional issues, *Richard E. Butler*, **14**, 4, 275–278
Conflicts in the development of broadband communications, *E. Lera*, **14**, 4, 283–289
Doing business in Europe, *Keith E. Bernard*, **14**, 4, 279–282
European telecommunications environment in the 1990s, *George K. Symeonidis*, **14**, 6, 451–456
Public policy for fibre-to-the-home, *Bruce L. Egan*, **14**, 6, 457–460
The Scottish Highlands and Islands Initiatives: an alternative model for development, *John Taylor and Howard Williams*, **14**, 3, 189–192
Should the UK play the ITU political game?, *Jonathan Solomon*, **14**, 1, 3–5
The Swedish road to liberalization, *Bertil Thorngren*, **14**, 2, 94–98
Telephone subsidization of rural areas in the USA, *Joseph P. Fuhr, Jr*, **14**, 3, 183–188
The UK duopoly review: status and issues, *Roger Pye*, **14**, 1, 99–104
Universal telephone service in the UK: an agenda for policy research and action, *Clare Milne*, **14**, 5, 365–371
WARC 92: the case for mobile satellites, *Peter Poskett and Patrick McDougal*, **14**, 5, 355–363

Letter to the Editor

Horses for courses, *J.M. Harper*, **14**, 4, 342
